

February 27, 1974

any other issue by ordinance on the ballot as a rather definitive type of method and approach rather than the broad issue of initiatives and referendums. So, if there's any discussion of it or any concerns about it, I'd suggest we lay it over until all those concerned are present to discuss it.

PRESIDENT: Is there any discussion? Senator Kelly.

SENATOR KELLY: Let's pass it over.

PRESIDENT: Senator Kelly wishes to pass it over. Next bill LB949. Senator Waldron, do you want to take up LB949?

SENATOR WALDRON: Mr. President, I move that LB949 be advanced to E & R for Review.

PRESIDENT: Okay, wait a minute. We're going to take it up, we need to read the title.

CLERK: Read LB949. There are no committee amendments or other amendments.

PRESIDENT: Senator Waldron.

SENATOR WALDRON: Mr. President, this bill is a result of, remember Mr. President and others that were here at the time, we passed certain tort claim laws a number of years ago which Senator Luedtke was chairman of a torts claims committee at that time. And at that time we adopted a certain statute of limitations to bring these claims and this will lengthen the period that these claims can be brought for those people who are believe those people who are in...you know are insane or someway disabled that they can not, they don't realize the statute of limitations is running on them. It's a very simple bill, it's merely a corrective bill and so I ask it be advanced.

PRESIDENT: Any discussion? The motion is to advance LB949 to E & R Initial. Those in favor vote aye. Those opposed vote nay. Senator Whitney voting aye. Have you all voted? Clerk will record.

CLERK: 26 ayes, no nays, Mr. President.

PRESIDENT: The bill's advanced. The next bill's LB620.

CLERK: Read LB620.
